

Don't Miss Out! Join Your Fellow Shareholders Vote QQQ!

Dear Shareholder,

We appreciate your patience and understanding in connection with the QQQ Special Shareholders Meeting to be held on December 5, 2025. It has been a long and tedious process, but the solicitation will be coming to an end in early December. We do need your assistance in voting your shares to ensure we make it to the finish line.

Because the vote requirement to pass the proposal to convert your fund from a UIT structure to an Open-End ETF is 51% of shares outstanding and there are millions of small unvoted investors, we need you to support QQQ and all your fellow shareholders who have overwhelmingly voted FOR all proposals.

Please take advantage of your right to vote by signing, dating and mailing your proxy card in the postage paid return envelope or following the instructions on the proxy card to vote by internet or telephone.

Thank you in advance for voting.
